New Delhi, the 8th May, 1948.

To

The Secretary to the Government of Madras,
Development Department,
Madras.

Sir,

lantation of wattle trees in India
for extracting wattle bark for the
tanning industry.

I am directed to refer to your letter No(Ms).1232, dated the 12th March, 1948, and to state that normally Travelling Allowance is debitable to the same head to which pay is debited.

As a general rule, it is considered that the Provincial Governments should meet the Travelling Allowance of their nominees attending any conference sponsored by the Central Government unless the conference is in connection with a scheme for which a specific fund has been created. Besides in this particular case, the Madras Government are equally interested in the development of wattle bark plantatic In the circumstances, it is hoped that the Provincial Government will have no objection to meet the expenditure on account of Travelling Allowance of their representative at the conference.

I am etc.,

Sd/ P.S. Sundaram
Assistant Secretary to the Government
of India.
